## EXPERIENCE

 **UI/UX Developer**  
**Quad One**  
📅 06/2024 - Present

## PROJECTS

### Apollo Hospitals

🔗 <https://akspoc.apollohospitals.com/delhi/ihf/>

Apollo Hospitals is one of India's leading healthcare providers. I have designed web page using Figma. My basic role is creating wireframes based on the requirement and create templates.

- Developed the Apollo Hospitals landing page using HTML, CSS, and Bootstrap.
- Implemented interactive features and JavaScript functionality to improve user engagement.
- Ensured responsiveness across different devices and screen sizes.
- Collaborated with design teams to ensure the page met branding and accessibility standards.
- Optimized web page performance and loading speed for better user experience.

### Apollo Hospitals

🔗 <https://www.apollohospitals.com/prohealth-zen/>

I designed and developed the landing page for Apollo Hospitals, one of India's leading healthcare providers. Using Adobe XD, HTML, CSS, and Bootstrap, I created a visually appealing and responsive page that offers an intuitive user experience. Additionally, I implemented interactive features with JavaScript to enhance user engagement.

### Apollo Hospitals

🔗 <https://akspoc.apollohospitals.com/alumini-portal/>

Apollo Hospitals, a leading healthcare provider in India, offers a well-designed alumni platform with modern UI, interactivity, and accessibility. Built with Bootstrap, JavaScript, and API integrations, it ensures a seamless experience across all devices.

### Apollo Hospitals

🔗 <https://akspoc.apollohospitals.com/hyderabad-rewamp/lp/parkinson-disease-treatment/>

Apollo Hospitals is one of India's leading healthcare providers, and this website is designed to offer an optimal user experience, accessibility, and responsiveness. The use of Bootstrap, HTML, CSS, and JavaScript ensures a professional, scalable design that is well-suited for a healthcare-focused landing page.
